# Patryk Kruk

Sr Full Stack Engineer (JavaScript, PHP, Python, AWS)
Leesburg, Florida, United States

## Summary

Senior software engineer who loves spending majority of my time on the full-stack web app development with JavaScript, PHP, and Python. Enjoy collaborating to solve challenging problems, automate tasks, and aim to provide a lasting impression for the end user through innovative and seamless apps. I am a lifelong learner, with a keen interest in tech, who is continually striving to sharpen my development skills and impact on projects.

I am skilled in the following technologies/frameworks:
- JavaScript, TypeScript, React.js, Next.js, Vue.js, Nuxt.js, Node, Express.js
- PHP, Laravel, Drupal, Symfony, CakePHP, Magento, WordPress
- Python, Django, Flask, FastAPI
- Cross Platform Mobile App: React Native, Flutter, Firebase
- HTML5/HTML, CSS/CSS3, SCSS, jQuery, BootStrap, Tailwind CSS
- MySQL, PostgreSQL, MongoDB, Algolia
- AWS Lambda, Redis, S3, SES, SNS, SQS, EC2, ECS
- REST API Development and Documentation with Swagger
- Microservice Architecture
- Docker, Heroku
- Github, Gitlab, Bitbucket
- CI/CD and UnitTest integration
- Jira, Trello, Asana, Monday

I have been involved in the entire process of software development, from initial conception to development, testing, implementation, and maintenance. I love the logic and structure of coding and always strive to write elegant and efficient code. I also strive to keep up with the latest trends in web development.
Please review the portfolio section of my profile to see my latest work. Don't hesitate to invite me to your project and discuss whether I would be a good fit for it.
